

# COMMUNICATION IS KEY!!!

This year we ask that you download the SportsYou App as our form of communication. This App allows us to communicate by messaging, but it also allows us to share pictures and videos. You will receive all upcoming information and any last minute game day, game time, game location changes on this App. You can also send individual, direct messages to the coaches on this App.

Let your team members join by scanning this code with their phone's camera.

Please join our Lady Highlander Parent SportsYou
